

# BETTER *ONLINE* **PROCTORING** BY EVERY MEASURE.

Designed with today's  
educational landscape in mind.  
Underpinned by outstanding secure  
technology and responsive support.

psi **PRECISION PEOPLE MEASUREMENT**

CONVENIENT // SECURE // TRUSTED // FLEXIBLE

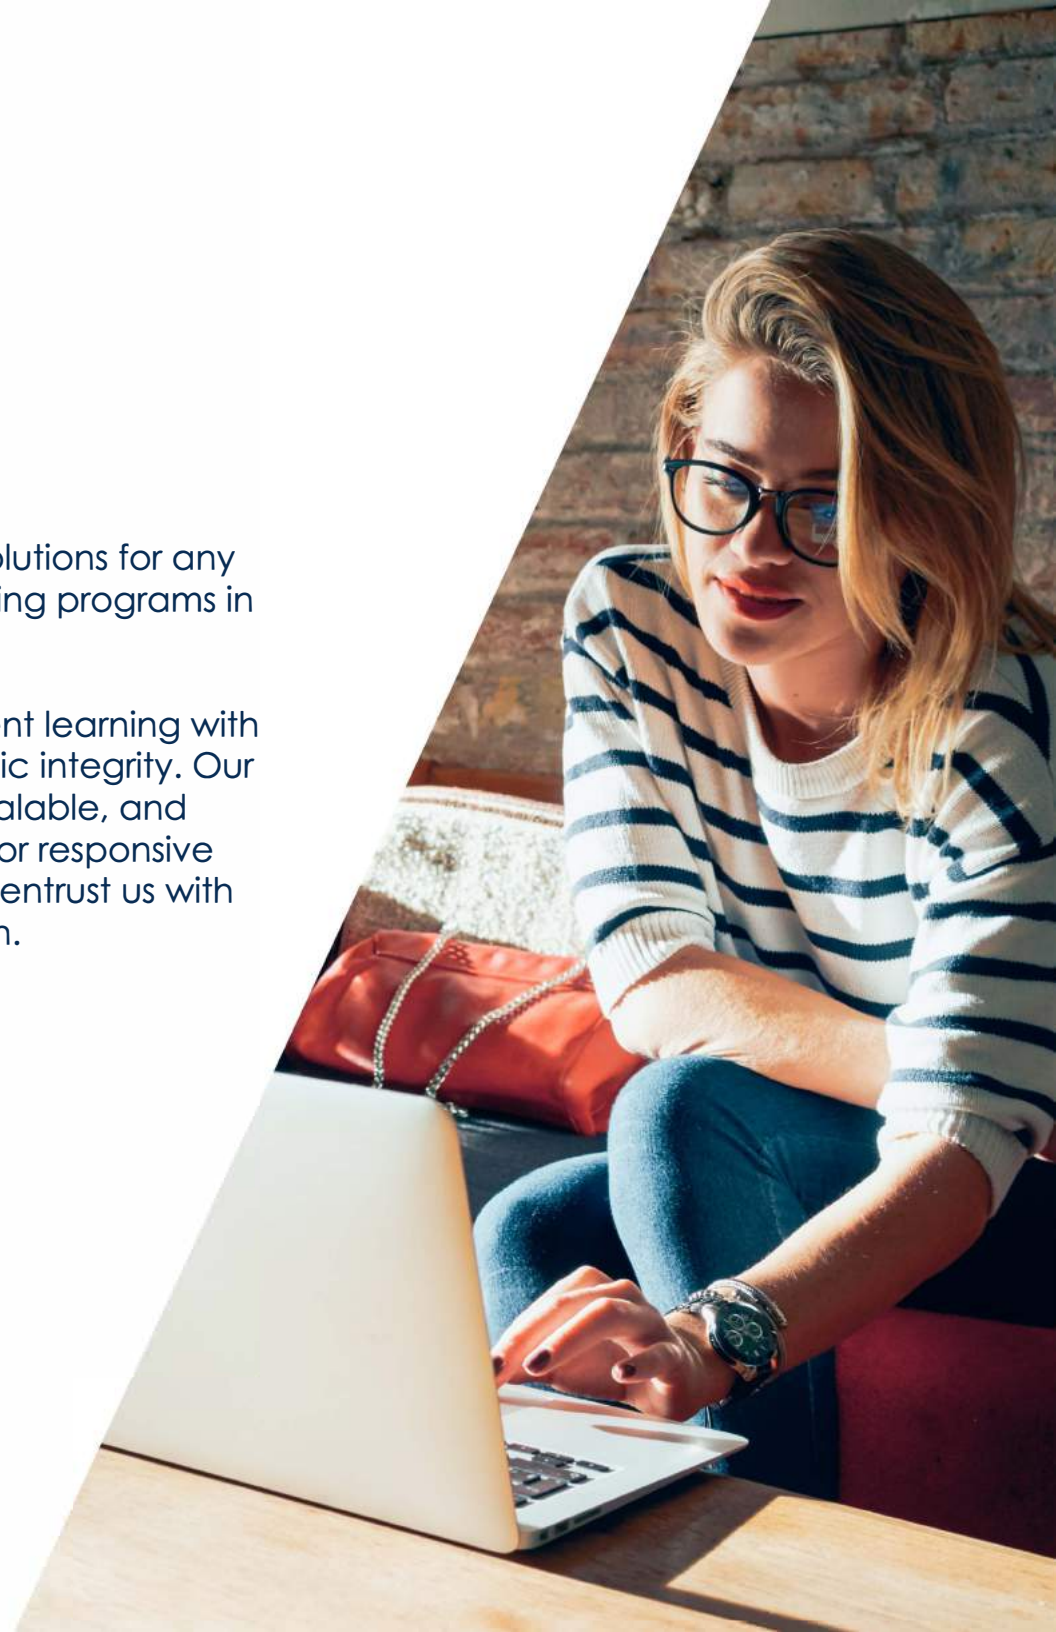

PSI is a leading provider of secure online proctoring solutions for any learning environments and examination or credentialing programs in higher education.

**Over 750 institutions** partner with us to transform student learning with innovative technology solutions that protect academic integrity. Our **secure proctoring technology** is built to be flexible, scalable, and easy to use. Administrators and instructors rely on PSI for responsive customer support, collaborative way of working, and entrust us with safeguarding the academic integrity of their institution.

***“I’m amazed at the professionalism of PSI - with their efficient and transparent way of doing business, along with the amazing support and response time to our issues.”***

*Lisa Tordjman, happy client*

WE BUILT THE PSI BRIDGE  
ONLINE PROCTORING  
SOLUTION TO **STAND OUT**  
**FROM THE CROWD.**

Customer feedback, our experts, our hearts and souls, and 70 years of experience combined to engineer the unified proctoring system that gives you and your institution ultimate security, stress-free use, and flexibility.

Schedule exams that are remotely proctored with the record and review service or live online proctoring, all built on our pioneering PSI Bridge platform.

# **BUILT FOR CONVENIENCE**

*FACULTY AND STUDENTS NEED AN EASY-TO-USE SYSTEM AND THIS IS WHAT WE BUILT.*

## **ACCESS ANYTIME**

to take an exam whenever and wherever via the Integrated Proctoring Platform for Record and Review Service or Live Online Proctoring.

## **CONNECT EASILY**

to any LMS via the PSI Bridge LTI app. Seamless integration includes single sign on, automatic data transfer, eliminating the need to set up exams by faculty and saving time.

## **REAP THE REWARDS**

of higher accuracy and faster intervention through our Rule Implementer feature: proctors will not need to manage rules manually.

## **DESIGN CUSTOM EXAMS**

to your specific requirements within the LMS. Define rules, configure assessments on an exam by exam basis, and adjust your exam policy on the fly to accommodate custom resources.

## **EXPLORE THE FLEXIBLE**

Proctored Exam Results Dashboard: see proctored exam results in your LMS and view specific students' exams alongside flagged violations and ability to see the annotated video.

**BOOK YOUR DEMO**

## **THE ULTIMATE SECURITY**

*INNOVATIVE SECURITY FEATURES MEAN YOU DO THINGS YOUR WAY BUT YOU'LL ALWAYS BE PROTECTED.*

Adapt to your own security needs with the customizable lock-down browser. Specify what applications are allowed to run, or select full lockdown.

### **STUDENT IDENTITY VERIFICATION**

is made simple via an interface that records pictures of the exam taker and their photo ID. This self-serve check-in and authentication process means faster launch times.

### **NO REMOTE ACCESS REQUIRED**

for proctoring. PSI believes that allowing proctors to remotely connect to student machines is a dramatic invasion of privacy, and also exposes the student's system and anything to which it is networked.

# **FUTURE PROOF**

SCALABILITY AND FLEXIBILITY MEAN YOUR INSTITUTION IS BETTER EQUIPPED TO COMPETE IN TODAY'S FRAGMENTED AND ULTRA-COMPETITIVE WORLD.

## **CHOOSE FROM FLEXIBLE OPTIONS**

Our **Record and Review Service** is a cloud hosted SaaS model for remote proctoring inside your LMS. PSI Bridge records the exam sessions, which are later reviewed by a proctor.

**Live Remote Proctoring:** A proctor will view an exam taker live while he/she completes the test.

## **TRUST IN OUR TRACK RECORD**

We are proud to be a technology first vendor – this means we constantly invest in the best technology, find agile ways of doing things, innovate and can scale up to meet your needs. Of course, all of this is underpinned by our 70 years of experience to guide tech solutions to be customer-oriented.

## TRUSTED BY COLLEAGUES

GLOBAL 24/7/365 SUPPORT AND EASE OF USE  
MEAN A STRESS-FREE EXPERIENCE FOR YOU  
AND YOUR COLLEAGUES.

### **SUPPORT WORLDWIDE 24/7/365**

Exam takers can access live chat and phone support  
anytime – anywhere in the world.

Faculty and admins can access a dedicated services  
team for fast responses.

### **SMART ONBOARDING**

We support educators in the effective implementation and  
application of PSI Bridge with faculty and admin onboarding  
via web-based training with our professional services team.

***“You guys are still the greatest when  
it comes to getting issues resolved.  
Very much appreciated!”***
